

SNOW SWITCH MODEL CIT-1 GENERAL PURPOSE SNOW SENSOR

DESCRIPTION

The CIT-1 Snow Sensor detects falling or blowing precipitation as snow at temperatures below 38°F (3.3°C). The CIT-1 provides the industry's most versatile and cost effective automatic snow melting control when used with any APS or EUR series control panel, old or new.

Reliability and sensitivity are key CIT-1 features. The solid state design, combined with a rugged aluminum housing and epoxy potting, ensure many years of trouble free service. Precision precipitation and temperature sensors assure snow detection accuracy.

Typical applications include controlling snow melting systems or sidewalks, doorways, stairs, loading docks, ramps for the physically challenged and parking garages. Easy installation is another key CIT-1 feature. Low voltage operation, up to 2,000'

(609.6m) separation from the control panel, mast or roof mounting, and noncritical extension wiring are just a few of the features making this possible.

For complete information describing its application, installation and features, please contact Customer Service or check on the web at www.networketi.com.

FEATURES & BENEFITS

- Minimum snow melting cost
- No supervision required
- Reliable snow sensing
- Senses both temperature and precipitation
- Application flexibility
- Simple installation
- Field proven in thousands of installations

ORDERING INFORMATION

ORDER NUMBER	DESCRIPTION
11351	GIT-1 Gutter Ice Sensor

INSTALLATION

Gutters: Position sensor within 1/4" (6.4mm) of gutter bottom with moisture sensing grid facing downstream (ambient air temperature sensor facing upstream). Sensor may be fastened to the fascia using the mounting clamps and gasketed screws (not furnished).

Downspouts: Fold cable back parallel to sensor body and secure with mounting clamps. Suspend sensor in downspout with moisture sensing grid facing up (ambient air temperature sensor facing down).

LIMITED WARRANTY

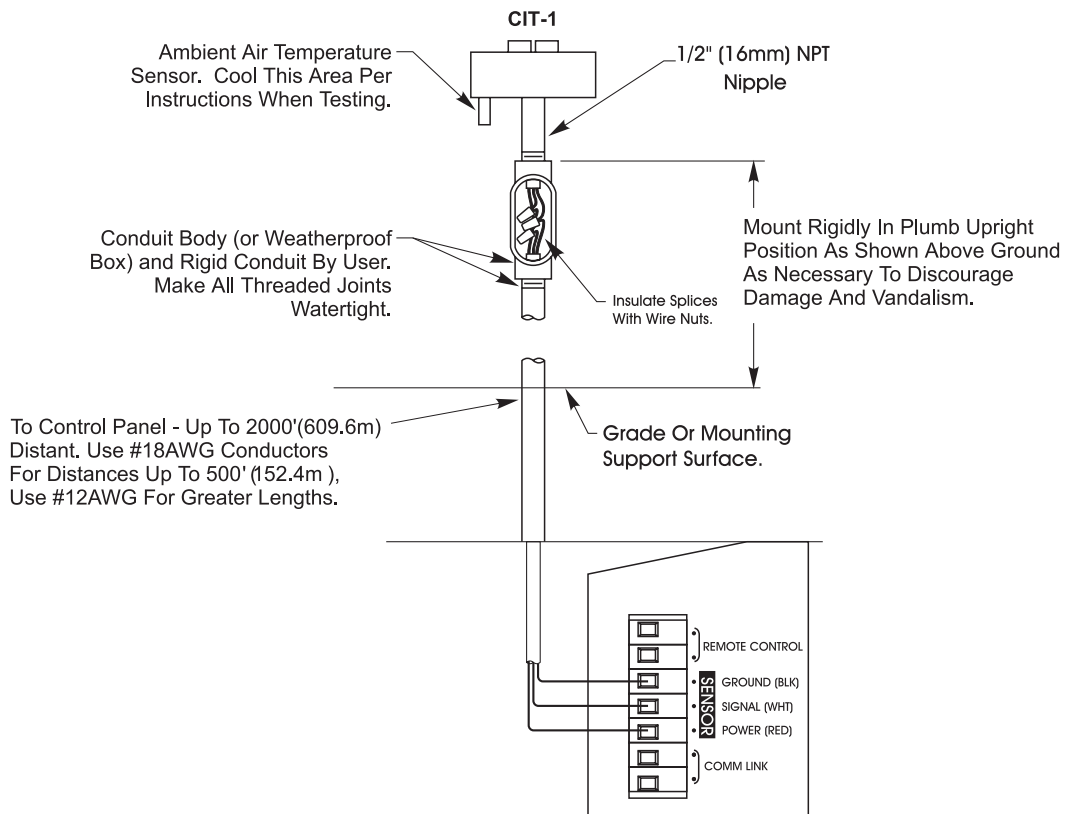

ETI's two year limited warranty covering defects in workmanship and materials applies. Contact Customer Service for complete warranty information.
